**I'LL BE GONE
IN THE DARK**
MICHELLE
MCNAMARA
WED., OCT. 9TH
10:00 AM

Amateur investigator Michelle McNamara researches uncaptured serial killers as her family sleeps. Of particular interest is the Golden State Killer, suspected of many sexual assaults and murders, who has evaded the area's best detectives for years. This is our annual nonfiction pick.

Meets in person and on zoom!

1984
GEORGE ORWELL
THURSDAY
OCTOBER 17TH
6:00 PM

This is the classic dystopian cautionary story, written in 1949, about the consequences of totalitarianism and mass surveillance in society. A particularly relevant aspect for today's audience: Orwell's idea of how truth and facts can be manipulated to serve a desired outcome.
